

SPECIAL MISSION OF TWO WEEKS PLANNED

Missionaries to Conduct Services at St. Francis de Sales.

The parishioners of St. Francis de Sales Church have been making preparations for the coming mission which will begin on Sunday morning with a solemn high mass at 10:30. The celebrant will be Rev. Father Clifford, deacon, Rev. Father Cantwell, sub-deacon, Rev. Father O'Connor, master of ceremonies, Rev. Father McSwaney. Special music has been prepared and an augmented choir will render choir selections.

The two missionary fathers, Rev. Theos. O'Malley and Rev. T. C. McKeough, will commence their labors Sunday morning at the high mass.

Tells of Purpose.

"The object of the mission," said Father McSwaney this morning, "is to bring before the minds of the parishioners some of the principal truths of their holy religion. It too often happens that men and women forget the interests of their souls in the quest for temporal success. They make a god of their own forgetting the true God and so to remind them of the interests of their eternal salvation, a mission or retreat is given when the great truths of Christian religion are brought before them for their consideration."

For All Creeds.

"Much good is hoped for and expected in the mission at St. Francis de Sales not merely to parishioners themselves but to all Catholics as well as non-Catholics who desire information. This one thing the Catholics fear is not the truth but misrepresentation. Fathers O'Malley and McKeough will hold themselves at the service of the people for the two weeks of retreat. All are welcome irrespective of creed, at the exercises.

The daily offices are as follows: 5:30 a. m. early mass 9 a. m. mass and sermon, 3 p. m., stations of the cross, 7:15 p. m. evening devotions.

LOCAL BREVITIES

Saloon Robbed—J. Foley proprietor of the saloon at 875 Webster street reports the theft of \$30 from his place of business.

Sues for Damages—Eva Frances Suddam, through her attorney, M. C. Chapman, has filed suit against the Oakland Traction Company for damages amounting to \$11,132.25, alleging that she was thrown from one of the cars of the company, sustaining injuries which incapacitated her from her business duties for several months.

Guilty of Theft—James Malleck, alias "Tony Malleck," was found guilty of petit larceny by a jury in Superior Judge Cohen's court yesterday. As Malleck has a prior conviction against him it is likely that he will receive a sentence of from one to five years in the penitentiary. Malleck was charged with the theft of a bicycle from S. Nielson.

Burns Club Organized—A Republican club in the interest of Henry T. Burns, candidate for supervisor in the fifth district, was organized at Klinkner Hall last night, over one hundred voters being present. Martin Welsh was elected temporary chairman and C. A. Klinkner temporary secretary. Addresses were made by Martin Welsh, H. T. Burns, C. A. Klinkner and H. H. Sanborn. The next meeting of the club will be held at Klinkner Hall on Wednesday night, April 1.

Chinese Firebug Stopped—An unidentified Chinese was seen in the act of attempting to set fire to a building at 637 Harrison street this morning by Policeman McKee. When the policeman approached the Chinese took to his heels. An investigation showed that he had placed a quantity of oil-soaked paper at the side of the building and was about to touch a match to the inflammable material when frightened away by the policeman.

Files \$4,000,000 Mortgage—A \$4,000,000 mortgage was filed today at the county recorder's office by the Pacific Gas and Electric Company in favor of the Trust Company of America. The holdings of the gas company are mortgaged in order that a huge bond issue can be floated. The Pacific Company is a merger of most of the power companies of the State.

HUSBAND RAGES; WIFE FLEES; HE'S ARRESTED

Fred H. Winters Breaks Up Furniture in Supposed Insane Frenzy.

Fred H. Winters of 894 Vernon street has been arrested and is held at the city prison for an investigation as to his sanity. Last night he broke up a number of articles of furniture in his home and so frightened his wife that she fled to the home of her father, Daniel Salvendy, of 749 Oakland avenue. The police were notified and Winters was taken into custody by Special Policeman Hitchcock and Policeman Roky. When the officers arrived on the scene, the house was a wreck, windows having been broken out and the furniture broken and thrown about the rooms.

Winters has been showing signs of mental troubles for some time past, it is reported.

BIG STRIKE OF THE SHIP ENGINEERS IS AT AN END

SAN FRANCISCO, March 27.—After a conference lasting seven hours yesterday between committees representing the steam school or owners of this port and the local branch of the Marine Engineers' Association, the dispute between the two organizations that has tied up the steam schooners in the lumber-carrying traffic on the coast for over two months was settled by concessions on both sides.

TEN ESTATES BRING SUIT AGAINST S. P.

SAN BERNARDINO, March 27.—Suits for damages aggregating \$100,000 have been filed against the Southern Pacific Railroad Company as a result of the killing of ten Italian men, who were working on the railroad, by a train which ran over them last March. The suits are brought by the estates of the deceased, represented by a local attorney.

STUDENTS AGREE TO GO ON STRIKE AT STANFORD

225 Sign Document Binding Themselves to Walk Out if Necessary.

STANFORD UNIVERSITY, March 27.—Over two hundred students pledged themselves to leave the university at the big mass meeting held yesterday. A general walk-out of students is not unlikely, as the situation is critical. The students who signed the agreement pledging themselves to withdraw from the university by taking out honorable dismissals did so with the expressed intention of making their act stand as a protest against the existing state of affairs. The students who have signed the petition have placed themselves on record as desiring conditions of life at the university as unbearable and have made this move to demonstrate that the point at issue is one of principle, for which they are ready to sacrifice their college careers and their personal ambitions.

To Get Signatures

With the understanding that the pledge of withdrawal from the university was not to become binding until 225 names were signed to the agreement, the document was drawn and left open for signatures until tonight. Before the document was locked up for the night 225 signatures had been affixed.

The meeting was presided over by A. Murphy, president of the student body. Addresses against the faculty were made by Kenneth Fenton, Harold Pitch, E. A. Cunha, G. J. Presley, C. F. Laumelster and others.

Professor Chas. H. Lowers for many years connected with the law department, but now in private practice, also spoke, saying in part:

"I believe the situation is far more serious than it appears upon the surface. I think the action suggested is outrageous. As the motto of our university stands 'The Air of Freedom Blows' but I think that there has been too much hot air here. By walking out I fail to see where you will help your cases. You should stay and protest, and protest vigorously."

KOREAN IS ARRAIGNED ON CHARGE OF MURDER

Insanity Will Be Defense of Stevens' Slayer.

SAN FRANCISCO, March 27.—Wang Ching, the Korean patriot who shot and killed Durham White Stevens, the American advisor of the Japanese government at Korea, was arraigned before Police Judge Conlan this morning on a charge of murder.

He was represented by Attorney Nat. Coghlan, who asked for and was granted a continuance for preliminary hearing until next Friday morning at 10 o'clock. His attorney intimated that no defense will be offered in the police court but when the case reaches a higher tribunal the battle will be fought and an effort made to save the accused Korean on the grounds of insanity.

MRS. COPLIN APPOINTED GUARDIAN OF CHILDREN

Coplin's Sister and Landlady Will Contest Estate.

Mrs. Louella Wagon Coplin, divorced wife of the late C. A. Coplin, whose death occurred last Monday from an accidental gunshot wound was today appointed guardian of her two children, Keith Wagon Coplin and Miriam Coplin, by Superior Judge William H. Waite. Her bond was fixed at \$100.

Mrs. Coplin, in her petition to be appointed guardian of her children stated that Keith is 9 years of age and Miriam is 7 years old. The two children are now in her custody at her home, 1390 Telegraph avenue.

A contest over Coplin's estate is to be waged between his sister and the proprietress of the apartment house where he resided according to petitions filed a few days ago asking for special letters of administration.

PICKPOCKET IS HELD FOR GRAND LARCENY

Carl Schultze, formerly a bell boy and messenger of Seattle was arrested last Thursday at the Emeryville race track while endeavoring to escape with a watch and fob which he had picked from the pocket of Paul Emmanuel who swore to a complaint yesterday. Judge Quinn's court charging him with grand larceny.

Constable Morris Lous is looking up his record.

Two Brand New MARK TWAIN EPIGRAMS

NEW YORK, March 27.—Two new Mark Twain epigrams have arrived in New York. They were brought here on the steamer Bermudian, from Bermuda, where the humorist is visiting.

At a dance recently in Hamilton he was the pet partner of all the little girls. One 10-year-old girl had been a bit saucy to some of the older maids at the ball and they had scolded her. He sympathized with her by writing on her program:

"Considering the proportion of things, it is better to be a young June bug than an old bird of para-dise."

Another little girl, who had been rebuked for making faces, got this on her program:

"Do not do anything naughty when any one is looking."

SPRECKELS, A MODEL; ALL OTHERS BAD, SAYS HENRY

Special Prosecutor Repeats Story of Graft Prosecution.

Francis J. Henry, special assistant district attorney of San Francisco, made a speech last night in the First Congregational Church under the auspices of the Men's League, to a large audience in which he again rehearsed the story of the graft prosecution. He attacked everybody who has not agreed with him and held up to criticism United States Senator Perkins, State Senator O. Russ Lukens, State Senator Leavitt, Garrett McEnerny, Homer S. King, president of the San Francisco Clearing House and others. He took particular exception to the newspapers, including THE TRIBUNE, which have not taken their cue from his dictation and was particularly bitter in his remarks concerning W. E. Dargie, president of the Tribune Publishing Company. Incidentally Henry held up as a model of the best type of citizenship, Rudolph Spreckels, the "angel" of the prosecution, who sat beside him on the platform.

Make Last Appeal For the Life of Son

ALBANY N. Y., March 27.—In their final appeal to save their son, Chester Gillette, from the death chair at Auburn prison next week for the murder of his sweetheart Grace Brown, Mr. and Mrs. Frank Gillette are in Albany for a conference with Governor Hughes. As the Governor is at Niagara Falls and will not return until late tonight, Mr. and Mrs. Gillette will remain here until tomorrow when they expect to have an audience with him.

It became known here today that Governor Hughes will take testimony in the executive chamber tomorrow morning at 10 o'clock in connection with the application of a local attorney representing the Gillette family for a respite for Chester Gillette, it being claimed that no want material evidence has been found.

Re-Insured Ships Arrive in Port

SAN FRANCISCO, March 27.—Their hulls battered by hurricanes, their can-vas bitten to shreds by the teeth of the gales and their crews forest by interminable struggles against raging seas, three overdue, heavily re-insured ships from Australia have been blown into port during the past twenty-four hours.

The Isaac Reed, the James Drummond and the Charles E. Moody, all from New Castle in the Antipodes, were almost given up for lost when they were cited off the coast. All three limped to anchor within a few hours of one another, establishing a record for re-insured ships on the water front.

COLLEGIANS WEAKEN IN STAND AGAINST FACULTY Alumni to Make Appeal to Dr. Jordan

STANFORD UNIVERSITY, March 27.—There is still a doubt as to what will be the outcome of the action of the student body yesterday in regard to the agreement for 250 students to walk out as a protest. Those in charge of the agreement are not giving out the number of signatures but it is known that not nearly the required number have yet signed. A meeting of these men was held this morning but no action was taken and after discussing the advisability of going out without the full 250, the meeting adjourned.

Since the adjournment of the student body meeting yesterday a distinct change is apparent in undergraduate sentiment and the radical element is now in a decided minority. There are still many who believe that a promise to support the signers of the parade petition is a moral obligation to go out with them, it is necessary, regardless of the sacrifice involved, but the argument that such a movement will influence the trustees is no longer given much credence.

Object to Walk-Out.

Student Fenton and his followers still declare that they feel that they must leave whether the 250 others agree to go or not, but there is an ever increasing number believing that a promise to support paraders does not extend to walking out if such action will accomplish no good to those disgraced or to Stanford. This faction is winning adherents by the argument that more can be done to better conditions by remaining in the college and keeping up the attempt to secure another student affairs committee. The longer the time before action is taken, the more probable it is that there will be no walk-out.

INDICTMENT OF MULLALLY SHOWS MALICE OF GRAFT PROSECUTION

Even District Attorney Langdon Helps to Tear Mask From the Face of Rudolph Spreckels.

SAN FRANCISCO, March 27.—The malice of the so-called graft prosecution, in all the variety of that vicious series of attempts to blacken reputations and assassinate characters, has been given no more complete illustration than in the indictment of Thornwell Mullally, the assistant to the president of the United Railroads.

That the charge of bribery contained in the bills returned against Mr. Mullally was not alone without foundation in fact, but that there was not a scintilla of evidence on which a fair-minded Grand Jury, or even an inquisition, which was but a part of a noxious conspiracy to still further harass and damage an already sorely distressed community could hang the accusation.

That there was no evidence against Mr. Mullally, was frankly stated by Assistant District Attorney John J. O'Gara, who, in addressing Superior Judge Lawlor, made the direct and unqualified statement that there was no evidence against Thornwell Mullally or William Abbott. That the judge did not forthwith order the indictments dismissed as against the falsely and viciously accused citizen can be accounted for only in the light of the collusive conditions, and midnight Jack-o'-lantern seances recently so fully exposed by affidavits.

Obey Crack of the Whip

It was only on the 19th of the current month that additional light was shed on these most extraordinary proceedings against Mr. Mullally. Abraham Ruef, in an affidavit filed in open court on that day, denies in direct and unequivocal terms that Mr. Mullally ever spoke to him or he to Mullally at any time or place concerning the United Railroad matter, otherwise the overhead trolley permit.

Ruef further affirms that he so stated to Detective William J. Burns at different times, and that, in substance, he testified to the same effect before the Grand Jury, which inquisition of unsavory memory subsequently returned indictments against Mullally. These bills were found by the local inquisition without one word of testimony having been heard that would warrant such a course but solely in response to the crack of the whip of the so-called prosecution that was working out its financial and social revenges and of which this extraordinary inquisitorial body was but an excrescence.

That portion of Ruef's affidavit dealing with Mr. Mullally and the fact that the assistant to the president of the United Railroads had no conversation or correspondence with him in relation to the trolley ordinance is as follows:

Ruef Had No Dealings With Mullally

"Affiant then relying (as he now relies on the said contract of immunity, in making this affidavit) upon the said promises, representations and agreements of immunity, did state to said Burns the truth and the whole truth concerning any relation or connection therewith on the part of any person connected with the United Railroads; and affiant did then and there say to said Burns, and did thereafter say to said Burns, and also stated to said Burns, that Thornwell Mullally, one of the persons indicted with this affiant, had never spoken to affiant, or affiant to Mullally, at any time or place concerning the United Railroads matter, and that said Mullally had never spoken to affiant, nor affiant to said Mullally at any time or place relative to the passage of the ordinance referred to in the indictments 810 to 823, both inclusive, and that affiant never communicated with him directly or indirectly upon said subject matter, nor did said Mullally with this affiant; nor was there any communication, correspondence or talk between said Mullally and this affiant at any time or place concerning any compensation or money to be paid to this affiant by said United Railroads or any person at any time or in any manner, and that the said Mullally had never paid to affiant or to anyone else, to affiant's knowledge,

any moneys whatever in connection therewith, nor, in so far as this affiant knew, had he ever spoken to any Supervisor or any other person concerning said United Railroads matter, to wit: said trolley permit. Affiant states that this is the truth, and this affiant, when called before the Grand Jury, did in substance state and testify to the same effect before the said Grand Jury."

Ruef's Declaration Substantiated

This sworn declaration by Ruef is not only fully substantiated and corroborated by the facts, but also by the strongest direct and circumstantial evidence. There has not been even a whispered denial of this declaration from any member of the Grand Jury or from the District Attorney's office, for it is true and has been corroborated by Assistant District Attorney John J. O'Gara in his official statement that there was no evidence against Mr. Mullally.

The intriguing junta of political, social and financial purifiers having failed to furnish proof in the trolley ordinance matter connecting Mr. Mullally in any manner with that transaction, there must have been some other and sinister purpose that moved the private prosecution, consisting of Heney, Spreckels and Burns, to cause the return of the indictments against Mullally, through their pocket inquisition.

There is no doubt but that the society question influenced the cabal of lefthanded plotters in the reeking of some of their private revenges, while in other stealthy assaults conducted from the ambush of the courts, politics and commercial gain were among the impelling motives.

District Attorney Langdon, in his dull and clumsy way, appears to have torn the mask from the man who sought to wield the bludgeon in the case of Mr. Mullally. In an interview published in the New York Tribune the nominal District Attorney of San Francisco, during his eastern tour, to address the Civic Forum and others of New York who would listen at so much per lecture, "and expenses," told how he had evangelized San Francisco and made it municipally spotless.

Calcium Light on the Indictment

Langdon also related to his Eastern interviewers that Rudolph Spreckels had instructed him to carry the graft prosecution into the "darkest corners" and "adding that even if it lead into the Spreckels family it must go on."

Then the District Attorney, his classic brow undoubtedly becoming deeply corrugated as he gave vent to the thought that throws a calcium light on the indicting of Mr. Mullally, without evidence proceeds:

"The investigation did lead into the Spreckels family by the indictment of Thornwell Mullally, Calhoun's assistant, who was engaged to marry Mr. Spreckels' sister-in-law."

Langdon's significant statements in this connection, as given to the New York Tribune, in more extended detail follow:

"When I first met Mr. Spreckels and was told that he wanted to put up the money for the prosecution, I asked him if he was willing that the prosecution should go the limit, even though it lead in high places. He said: 'Langdon, I think you are the man who will see us through to the end, regardless of whom it smirches, and I want you to go ahead.' I told him I would carry it to the darkest corners to which it reached, and he agreed, adding that even if it lead into the Spreckels family it must go on."

"That was our agreement, and the strange part of it all was that the investigation did lead into the Spreckels family by the indictment of Thornwell Mullally, Calhoun's assistant, who was engaged to marry Mr. Spreckels' sister-in-law."

Surely there are some revenges that are so despicable and disgusting that, in the minds of men, they create a loathing for the creature that instigates them.

WILL RESCIND FRANCHISE OF INCINERATING COMPANY

Council Committee Not in Favor of Purchasing Site.

An ordinance providing for the rescinding of the franchise which was granted to the Pacific Incinerating Company was recommended by the ordinance and judiciary committee of the City Council last night. The proposed measure states that the company violated the provisions of this franchise, and for this reason it should be revoked.

Councilman Meese stated that the impression had gone forth that the

city desired to buy the property in West Oakland which is now the site of the garbage crematory. He said that he would like to have this impression corrected and the members of the committee declared that they were against any such procedure.

BUTCHERS OBJECT TO PROPOSED LAW

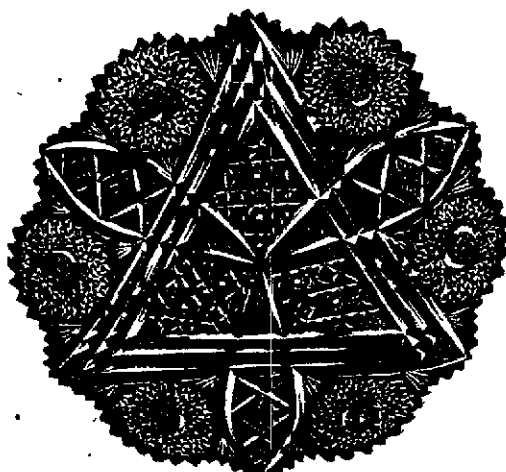

A large number of butchers appeared before the ordinance and judiciary committee of the City Council last night, to protest against a proposed ordinance regulating the sanitary condition of places where food-stuffs are sold. Captain McMenomy represented the butchers. After an informal discussion the proposed measure went over until the next meeting of the committee.

McMenomy declared that the butchers could not operate under the provisions of the proposed ordinance, especially as regards the keeping of meats under cover. He stated that this practice would be detrimental to the wholesomeness of the meat.

TO HEAR CHARGE AGAINST OFFICIAL

City Council Will Decide Fate of Board of Health President, Dr. Clark.

ALAMEDA, March 27.--Charges of alleged misconduct preferred against J. Emmett Clark, president of the Board of Health, by Mayor E. K. Taylor, will be heard tonight by the city council sitting as a judicial body.

Owing to the prominence of the officials concerned and the wide interest which the fight of the Mayor with the majority of the health board has attracted, a crowd is expected to be present to hear the proceedings.

All of the members of the Board of Health, the three police and fire commissioners, City Physician Dr. L. W. Stidham, City Veterinary and Food Inspector Dr. Tom Carpenter, Theodore Vonah, a deputy state veterinarian, and Dr. J. A. Hill, a veterinarian, are among the witnesses subpoenaed.

Dr. Clark's supporters declare that Mayor Taylor's suspension of the head of the health board and the filing of charges against him is petty politics, and that the defendant will show there was personal animosity in the suspension.

The friends of the accused physician further say that Mayor Taylor had his hatchet out for Dr. Clark ever since the latter refused to vote for the appointment of Dr. J. A. Hill to be City Veterinary and Food Inspector.

Dr. Hill's name having been put forward by the Mayor.

The hearing of the charges against Dr. Clark will be taken up tonight immediately after bids for the \$300,000 bonds recently voted by the city have been opened and other minor business transacted.

NEW APARTMENT IN LAKE SIDE REGION

Beautiful Brick Building Will Be Completed as Soon as Possible.

One of the most important improvements in the lake region which has been inaugurated this season is that of a five-story apartment house which is to be constructed at the northeast corner of Thirteenth and Jackson streets. It will represent an outlay of \$250,000 and in it will be specially represented, as owners, Dr. W. D. Huntington and Dr. Dow. The structure will cover a lot 130x120 feet. It will be of brick and contain all the modern improvements usually found in structures of this kind. The working plans are already in the hands of contractors and are being secured on for the purpose of enabling the structure to be completed at the earliest moment possible.

There will be 200 rooms in the building and these will be so divided as to make it possible for patrons to secure quarters ranging from one room to suites of six and eight rooms. The architect is D. F. Oliver.

If you once try Carter's Little Liver Pills for sick headache, biliousness or constipation, you will never let them go. They are purely vegetable, small and easy to take. Don't forget this.

ORDERS CITY TO PAY \$3000 FOR PROPERTY

Superior Judge H. A. Melvin this morning rendered his decision in the suit of the city of Alameda against J. E. Oeltmann, ordering the city to pay the defendant \$3000 for his property adjoining the Wilson school property in the eastern end of the city. The city filed suit to obtain the property, in order to enlarge the school property. Oeltmann asked \$5000 for his property, but the city only wanted to pay \$3000. Judge Melvin viewed the property yesterday, after hearing testimony in the court.

Early Hints for Easter

The lateness of Easter this year should not be permitted to upset your seasonable calculations. Spring is with us now and a right glorious Spring it has been so far.

Now--today--is the time to do your choosing from the new season's stocks, before varieties are broken and the choicest blooms are plucked. Remember that our work rooms will be tested to full capacity as the season advances and especially in such lines as tailored suits, costumes and millinery there are bound to be some disappointments for those who wait until the eleventh hour.

Perfection of Style, Fit and Finish in TAILORED SUITS

This store's display of correct apparel for women is in a class by itself. "Supremacy" is the watchword--supremacy in assortment--supremacy of styles and designs--supremacy in buying power. This pre-eminence is the result of enviable connections with the world's foremost manufacturers. This store is in the very forefront of fashion--showing the handsome productions of home and foreign master makers as they are shown nowhere else. Come prepared for surprises--you'll not be disappointed.

In the variety of good models are short, tight-fitting, hip length style new Butterfly shape coat; new pointed dip front coat and new Cutaway Prince's Chap coat, and practically any thing in the way of a correct Spring suit.

The coats are lined with excellent taffeta or satin; skirts are plain, gored, flare and full skirted styles; with one, two or three folds; materials are imported serges, chiffon Panamas, invisible striped serges, worsteds and fancy worsteds.

Poor Pussy

The great fortunes and the great enterprises of this country result largely from the discoveries of certain nameless men. They have been the cats' paws which other men, with less brains, but more shrewdness, have used to get the chestnuts from the fire.

If you read "The Man Behind the Millionaire," by Henry M. Hyde, in this week's issue of THE SATURDAY EVENING POST, you will learn a good many obscure facts about American industrial history. The names won't be familiar to you, but you will easily comprehend the men for whom they pulled the chestnuts from the fire.

This and a good deal more in this week's issue of THE SATURDAY EVENING POST.

TALKS ON TEETH

BY THE REX DENTAL CO.
Incorporated

What Is Alveolar Dentistry?

Summed up in a few words, it is the highest achievement of dental science and most successful method ever discovered. By this method you can secure new teeth that are beautiful in appearance and as satisfactory and serviceable as your natural teeth. All that is necessary is that you have at least two teeth in each jaw. If your teeth are loose we tighten them by the Alveolar method and save them while the other dentists will tell you they must be pulled and cannot be saved. You may ask, "How can you find out that Alveolar dentistry is best?" We are prepared to show you in actual existence work in the mouths of thousands of our patients that is a revelation to the ordinary dentist and in fact, work that he stated it was impossible to perform. If you will come in and see us we will send you to as many patients here in this city as you may care to visit. We give you a guarantee that we will do everything we say we can do and back up our guarantee by showing you actual results.

GRAND RESULTS

Rex Dental Co.
San Francisco. For some years past I had trouble with masticating my food, due to the loss and the wearing away of my teeth. I could not enjoy my meals and was bothered with pains caused by indigestion and general debility. I called at your office for treatment, the result being that by your Alveolar Method of restoring lost teeth I can eat anything and enjoy my meals, something that I have not done in years. The pains that caused my indigestion have disappeared and my health is benefited in every way. I cannot thank you enough for what you have done for me, and heartily recommend your method.

Very truly yours,
P. A. ROLLINS
8th and Harrison Sts., City
We want to make you a fair proposition. Come to one of our offices for a free diagnosis and examination of your teeth. This will cost you nothing, either free of money or obligation. We will make you both judge and jury of the work and let you decide for yourself whether or not it is worthy of consideration and a trial. Every piece of work that is done in one of these offices carries with it our guarantee, so we do not ask anyone to take chances on our being unable to carry out our promises. We take all the risk out of coming in person, send for our book, "ALVEOLAR DENTISTRY," and we do not perform any surgical operation, nor do we bore or cut into the gums, sufficient importance to cause you to attend to them without any further delay. Why not ask us our invitation and either call or write to us at once?
CAUTION—Do not be misled by unscrupulous concerns who advertise this method. Remember, they never heard of it until we came to this city. This method is a new discovery, and its patent is owned by the Rex Dental Co. and cannot be obtained outside of one of our offices. Don't buy a counterfeit.

CRACK POSTOFFICE SAFE IN SOUTH SAN FRANCISCO

Robbers Wreck the Building and Escape

(Special to The Tribune.)
SAN FRANCISCO, March 27.—Deputy Sheriff George Kneese of San Mateo county and his posse, which set out in search of the daring robbers who blew up the postoffice at South San Francisco early this morning, lost trail of the men in Linden avenue and were forced to return to the suburban town empty-handed. A telephone message was immediately sent into this city and officers were stationed the road to lookout for the fugitives. But up to noon today they had not been apprehended in this county. It is now thought

that there were three men engaged in the robbery, and entrance was effected to the postoffice by a side door. The men set deliberately to work drilling holes in the safe, and it is thought that they used more dynamite than they intended. A portion of the front of the building was torn away by the force of three explosions, and many windows in the stores and houses were shattered. The entire contents of the safe were taken and word has been sent to all nearby towns to be on the lookout for the robbers.

HUSBAND INDULGED IN NIGHT REVELS, WIFE CLAIMS

Mrs. Harry Houston Sues for Divorce, Alleging Spouse Beat Her.

Mrs. Josephine H. Houston, who resides at 520 Sixteenth street, filed this morning for divorce against Harry H. Houston, whom she charges with cruelty. The couple were married on October 6, 1903, in San Joaquin county. They have children. In her complaint Mrs. Houston declares that there is only \$50 worth of community property. According to the charges made by Mrs. Houston in her complaint, her husband tried to kill her, beat her several occasions, pulled her hair out and blackened her eyes. Mrs. Houston also alleges that on many occasions her husband boasted of his attentions to other women and that many times he indulged in midnight orgies in various resorts, with other women as his companions.

ENGINEER SUBMITS HARBOR PLANS TO COUNCIL

P. F. Brown Drawings Include Docks, Wharves and Improvements on Water Front.

Plans for the improvement of Oakland's water front have been sketched by P. F. Brown, a prominent New York engineer, and are now in the hands of City Engineer Turner. The plans are on an elaborate scale. Brown last night presented the bill for his work on the plans to the auditing and finance committee of the City Council. The bill amounts to \$485. He worked on the plans twenty-three and a half days at \$15 per day and was assisted by W. Anderson for twenty and a half days at \$4 per day. Wants News

Regarding Harbor. When the bill came up before the committee, Councilman Ellsworth stated that he would like to hear something about what was being done in the water front matter before paying the bill for drawing up the plans. Brown has mapped out wharves on the East Oakland water front, ferry slips at the foot of Broadway, wharves as far as Boole's shipyard, docks and slips in the "white meat" property on the west shore, south of the Southern Pacific pier, and wharves and docks between the Southern Pacific and Key Route piers. ***** sion that a police officer had the right to arrest the actors in a production which he did not consider fit for presentation, but the judge seemed to disagree with this opinion and Harrison stated that as the play had been produced for most of the week the prosecution would drop the matter.

(Special to The Tribune.)
SAN FRANCISCO, March 27.—Despairing of putting an end to the performance of "A Millionaire's Revenge," which is now being produced at the Central Theater, in this city, the District Attorney this morning stated in Judge Seawell's court that, as far as he was concerned, the proceedings could be dropped. Attorney H. W. Bradley appeared for Ernest Howell, manager of the theater, and Attorney Robert Harrison represented the District Attorney's office. Harrison stated that he was under the impression

S.S.S. FOR RHEUMATISM

Rheumatism is caused by an excess of uric acid in the blood, brought about by the accumulation in the system of refuse matter which the natural avenues of bodily waste have failed to carry off. This waste or refuse matter ferments and sours and generates uric acid which is absorbed into the blood and distributed to all parts of the body, and Rheumatism, with its torturing pains and aches, inflammation and other disagreeable symptoms, gets possession of the system. The aches and pains may be relieved and the inflammation temporarily reduced by the application of a good plaster, penetrating liniment or some other simple home remedy, but the disease can never be cured while the blood remains saturated with the irritating, pain-producing uric acid poison. The cause should be driven from the blood before the trouble reaches the chronic or helpless stage. S. S. S., a purely vegetable remedy, cures Rheumatism by thoroughly cleansing the blood of every particle of the uric acid poison, and making this vital fluid pure, fresh and health-sustaining. It filters out from the circulation the remotest particle of the poison, and when S. S. S. has renovated the blood, Rheumatism is thoroughly and permanently cured. 'DREAM CITY' AT THE MACDONOUGH

Mrs. Campbell Booked to Play in Oakland Next Week.

Among the most up-to-date and pleasant amusement surprises announced for the Macdonough Theater is the latest Joe Weber production, "Dream City," tonight and tomorrow afternoon and night. "Dream City" held the boards all of last season at the Weber Theater, New York, and was pronounced one of the most successful and artistic productions. In the construction of "Dream City" that clever playwright and librettist, Edgar Smith, has outdone all his previous efforts, while the music of the piece embraces some of Victor Herbert's cleverest work. All in all "Dream City" is a combination of the lifting of the original musical drama from its own original sphere into the atmosphere of opera with spectacular ornamentation.

Mrs. Pat Campbell.

Mrs. Patrick Campbell, one of the most celebrated emotional actresses of this generation, appears at the Macdonough Theater next Monday for a limited engagement of four nights, during which time she will appear in four of her greatest plays—"The Second Mrs. Tanqueray," "The Notorious Mrs. Ebbels," "Hedda Gabler," and "Magda." The first mentioned two, which are from the pen of Arthur Wing Pinero and which are conceded to be his most impressive efforts as a dramatist, will be the two first plays presented. "The Second Mrs. Tanqueray" on Monday evening

'DREAM CITY' AT THE AMERICAN

"Dream City" at The American

A rare and rollicking entertainment is "Dream City," which will serve to introduce Little Chip and Mary Martin's old favorites here and their big company of singers, dancers and funmakers, at the American Theater San Francisco next Sunday afternoon. "Dream City" was the best musical attraction put on at Joe Weber's New York theater last season and made such a hit on Broadway that it was kept on the boards for six months. The entire New York production has been sent to the coast intact and from a spectacular as well as a dramatic standpoint "Dream City" is considered the peer of all musical shows of the rapid fire, snappy sort. It is a pot-pourri of the most fascinating features of legitimate comedy up-to-date vaudeville, satirical extravaganza and Simon-pure comic opera.

The Prophet of Baal in the Lord's House

Heney should have had Big Jim Gallagher with him at the First Congregational Church as a moral exhibit and as a guarantee of good faith. Gallagher is the finished product of Heneyism. A pupil of Abe Ruef, he graduated in the school of Heney, rejoicing in a freedom earned by infamy and thriving, like a pig in the muck, on the wages of dishonor. With the price of his betrayal of public trust in his pocket and secure from punishment by letters patent of immunity granted by Rudolph Spreckels and Francis J. Heney, his bloated presence would have emphasized Heney's claim to a civic virtue surpassing that of all other men. At large and in undisturbed possession of the fruits of his prostitution of public office, having sold alike the people and his partners in crime, he would represent the flower of a moral crusade which began with secret grants of immunity to official thieves and ended in efforts to suborn perjury and make the judiciary parties to criminal conspiracy and disgraceful intrigue.

Unlike Heney, Gallagher's hands are not stained with the blood of a man butchered in cold blood, nor has he a judgment standing against him in Arizona for tampering with a jury, but he nevertheless is the Heney ideal of civic decency. As the perfect type of regenerated citizenship, he would have graced the occasion of Heney's speech in Oakland with peculiar splendor. As an admirable example to the youth of the land he would have been an instructive object. He is of the kind that Heney does not send to jail. He has proved himself eminently worthy the friendship and protection of Rudolph Spreckels. As a laborer in the vineyard of civic righteousness he should have shared the plaudits showered on Heney.

It would be unjust and untrue to assert that any considerable number of the audience which greeted Heney at the First Congregational Church really approve the methods and purposes of that individual or his master. Beyond question they are sincerely desirous of purifying public life and elevating the standard of citizenship. Actuated by good motives they are being led, for the moment, into a morass by an impudent charlatan. If they know Heney for the truculent, unscrupulous demagogue that he is they would scorn him and cast him out as a moral leper defiling the fountains of justice under pretense of purifying public morals—the mercenary agent of a vindictive and predatory conspiracy which has leagued itself with public robbers and judicial prostitution.

It was not the real Heney that was cheered at the First Congregational Church, but an imaginary hero. Men of unquestionable honesty and sincerity have permitted themselves to be deceived by a false cry and the amazing effrontery of a mountebank without scruple or moral sense. Some no doubt came out of curiosity or from a desire

to hear Heney roast the newspapers, but the majority of the audience must be credited with good intentions. That they have permitted a malignant false prophet to seize upon their sympathies and cloud their judgment in no wise detracts from the meritorious objects they have in view.

However, they have before them the plain fact that Heney and Spreckels have taken the grafters under their protection, and have used them in a manner to cause widespread scandal and bring indelible shame on the administration of justice in San Francisco. The immunity contract with Ruef speaks for itself. The story of secret intrigue and midnight conferences to perfect the program to give the most infamous scoundrels in San Francisco immunity as the price of testimony against other men is detailed in the affidavits of the two Jewish rabbis. There are the blank orders issued by Judge Lawlor, and the record of the Schmitz trial tells how Ruef, with Heney conducting his examination, testified falsely, the public prosecutor and the judge on the bench both knowing that the jury was being deceived. It is undeniable that both Heney and Judge Dunne assisted in suppressing the truth.

By printing the facts as they have been presented and criticizing the reprehensible methods of Spreckels and his agents, THE TRIBUNE has earned the anger and hatred of Francis J. Heney and his employer. We are glad of it. Heney's denunciation has become a certificate of good character. His own evil reputation befalls those he bespatters with his praise. It is his way to justify himself by vilifying those who expose him and charging them with all manner of offenses against law and good morals. When detected with the goods on him he points an accusing finger at the man who exposes him and shouts, "You're a crook and I am going to send you to jail!" His threat of sending his critics to prison has become a joke to the public mind, but its constant repetition shows him to be an empty braggart as well as an abandoned liar. When the Los Angeles Times printed the disagreeable truth about him and his way of doing things, Heney went down to Los Angeles and denounced General Harrison Gray Otis, the gray and honored veteran of two wars, as a crook and announced that he was to be sent to San Quentin.

The same accusations and threats were made regarding General M. H. de Young, proprietor of the San Francisco Chronicle, and many other leading citizens and journalists. Why he has hesitated so long about hurling the same sort of blackguardism at THE TRIBUNE and its manager passes our understanding. It is the chief stock-in-trade of a professional corrupter of justice who, if he had his deserts, would himself be behind the bars.

**RESORT FOR UNEMPLOYED
CLOSES TOMORROW NIGHT**

The Rev. C. R. Brown, pastor of the First Congregational Church, has handed to the committee of Oakland unemployed a check for \$15, the result of collection taken up in his church last Sunday for the purpose of defraying the expenses of the committee of citizens which, for the past six weeks, has been providing shelter and food for a number of unemployed men at the corner of Second and Jackson streets.

Tomorrow, this resort for the unemployed will be discontinued for the reason that nearly all the inmates are said to have secured work.

At one time the committee was caring for over three hundred and eighty men. These men have done work for the city at the supposed rate of \$2.50 a day, working not more than one day a week, that amount being charged for the board of an adult for one week.

The money to provide this was subscribed by public spirited citizens. One thousand days' work in this way was performed for the city in the various parks and in improving streets. In this manner the men were not considered paupers and union wages were not reduced.

When this resort is closed Saturday

**ACCUSED OF SWINDLING
HORSE SELLER OF \$272**

John Lancaster and George Williams Held on Charge.

John Lancaster and George Williams are held in detention at the city prison on a charge of swindling J. W. Medeiros, a horse auctioneer at 46 Fourth street, of a worthless check for \$272 which was alleged to have been passed on him by Lancaster. Williams was arrested last night as a party to the swindle and Lancaster was taken into custody this morning. Medeiros alleged that he had sold the rig to Lancaster, who paid for it with the check, which was drawn on the United States National Bank of San Francisco. Yesterday Medeiros was notified that the check was worthless and his complaint was filed with the police.

Lancaster, whose true name is said to be John Lake, and Williams are also suspected of having passed a number of other checks for large amounts in Oakland. The police are holding a check for \$235.50 passed on the John Bremer Company, and one for \$125.50 on Arthur L. Martin for \$125.50. The past record of the men is being investigated.

Night there will probably be a deficit of something like \$600, but this money will later be supplied in the same manner as that which has already been expended.

The brutal attack on Senator Perkins is merely an evidence of how the so-called graft prosecution (conspiracy would more accurately describe it) is being utilized for political purposes. Who licensed this bloody-handed blackguard to go about the country making wholesale charges of crime and corruption against reputable citizens? There is not a page in his history which does not deny his claim to the respect and confidence of honorable men. When he has enlisted in a good cause he came as the recruit of an ignoble motive, and immediately put it to shame by foul practices. He has frustrated the moral crusade in San Francisco by methods and acts which have given ordinary criminality a claim to sympathy and respect by comparison. Starting out ostensibly to punish official boodlers, almost the first thing he did was to grant them immunity and make them his allies by a secret compact strongly suggestive of conspiracy and intent to suborn perjury. For months he warded off exposure by blustering and lying. In some instances he silenced criticism by shouting out shameful accusations and threatening his critics with the penitentiary.

But he has about reached the end of his rope. He ought to have reached it years ago in Arizona. His threats are no longer potent to delude the public or perturb the persons they are directed against. The rankness of the man's iniquity protrudes through his effrontery and his bloviating false pretense. He attacks Senator Lukens for accepting legal employment from the telephone company, knowing he was playing the demagogue in his eagerness to blacken some one else that the political ends of his employer might be served. He might better have told about the \$42,500 fee he was paid by the Contra Costa Water Company and the way he earned it. Also the details of his employment by the Spring Valley Water Company.

Heney charged Senator Perkins with being the tool of the Southern Pacific Railroad. He furnished no proofs to substantiate the accusation. That is not Heney's way. When he desires to assail any one he makes any old charge that promises to stir public feeling and gain a hearing, regardless of fact or decency. But the spectacle of the tool of Rudolph Spreckels accusing Senator Perkins of being the tool of anybody is the superlative of effrontery. What does Spreckels stand for? The sugar trust, the rotten Oceanic Steamship Company and repeated betrayals of public interests and public confidence. This fine example of predatory wealth and corporate greed listening with complacent satisfaction to his myrmidon assail the personal and political integrity of a man so well known and highly honored as Senator Perkins is truly inspiring. The shame of it is that the tabernacles of the Lord should be made the shelter of blasphemers and false witnesses.

**PLAN GRAND BARBECUE FOR
FIGHTING BOB'S JACKIES**
Oakland to Entertain the Enlisted Men

The committee on the reception and entertainment of the enlisted men of the fleet met last night in its headquarters in the Bacon Hotel. Ex-Congressman Warren B. English presiding, and voted to give the jackies a grand barbecue on the roof of the hotel before they are sent to the front. The city engineer was asked to furnish a rough plan of Adams Point so that it may be decided how to best arrange tables.

The number required will be only 50,000 feet, and the tables will accommodate 5000.

The barbecue will be a public show of no little interest.

A large hole will be dug in the earth on Adams Point and two days before the big fleet day a fire will be started in it and logs will be burned steadily for forty-eight hours, until a great bed of live coals over ten feet deep is ready.

Then beefsteak, sheep, calves and pigs will be slaughtered, dressed, strung on enormous spits, and turned until roasted to a succulent stage.

The people of Oakland and the thousands of visitors expected, will follow the jackies to Adams Point after the parade. A wire will be run around the barbecuing enclosures, and the spectators will stand outside and watch the process.

**HARBOR DREDGING
WILL BE DELAYED**
Misunderstanding Regarding the Opening of Bids is Cause of Trouble.

One of the leading members of the Oakland Chamber of Commerce informed a TRIBUNE reporter this morning that there was a misunderstanding as to the manner in which the bids had to be prepared for the purpose of securing the award of the contract for the deepening of Oakland Harbor between Fallon street and the Tidal Basin.

These bids were opened some weeks ago by Col. Blaine of the United States engineers in San Francisco but it is understood that the proposals did not meet with the approval of the engineer in charge. The competitors in the bidding were the North American Dredging Company and the Atlantic Gulf and Pacific Company.

Usually, bids of this nature are opened by the engineer in charge, and after consideration, are referred to Washington with or without recommendation. As the matter stands at the present time, it is understood that the proposals have not been acted upon in one way or the other, and as a consequence, it is believed that considerable delay will be experienced when the proposals reach Washington and as a result there must necessarily be a delay in the completion of the contract, which is eagerly desired by the merchants and manufacturers of this city, at the earliest possible moment.

**Foils Two Thugs
In Attempt to Rob**

SAN DIEGO, March 27.—An attempt to rob the office of the county treasurer today was foiled by two masked men who were shot by a patrolman. The masked men, one of whom was evidently a negro or Mexican, appeared in front of one of the large windows at the entrance to the courthouse and drawing a bead on Shaw through the glass with heavy revolvers, ordered him to admit them at once. Shaw, instead of complying, immediately opened fire with his own gun, and the thugs, daunted by his unexpected resistance, took flight.

**WORKS BOARD WILL
FIND WORK FOR
UNEMPLOYED**

Council Committee Recommends That Civil Improvements Be Done by Day Labor.

Members of the auditing and finance committee of the City Council last night recommended that the Board of Public Works find work and means of obtaining city work for the unemployed in this city. This action was taken after the committee had listened to an appeal made on behalf of the unemployed by Charles W. Peirce of the Central Labor Council.

In the course of his remarks, Peirce stated that the Central Labor Council desired that the City Council do everything in its power to provide work for the unemployed. "There are many men who need work in this city," said Peirce, "and I trust that the Council will find it possible to place some of the unemployed at work on city improvements. The Council now has a bill to obtain work in the street department. Some action should be taken at once by you, honorable body, to relieve the situation."

FINANCIAL DISCUSSION.
Councilman Ellsworth said that he believed something should be done and he declared that he believed that work could be provided for the unemployed. He declared that he would like to see something done but that the city is now facing a deficit and that caution would have to be exercised. He asserted that the Council might meet within the next few days to go over the financial situation and would then be able to tell whether or not the money could be spent on improvements. He would provide work for the unemployed.

It was suggested that work on the Lake Merritt channel improvement be done by day labor and not let out by contract. Attorney McElroy said that this could not be done. He said that the charter provides that all work costing more than \$5000 must be done by contract, after bids have been advertised for. He stated, however, that the Council might appropriate sums of \$499 at a time for the work and have it done by day labor. He declared, however, that this could not be done in strict compliance with the law. Councilman Elliott declared that he would like to see the experiment tried. The matter was then referred to the Board of Public Works.

**RECOMMEND GRANTING
OF LIQUOR LICENSES**

The license committee of the City Council last night recommended that the following licenses be granted:

Golden Investment Company, 421 Fourteenth street; Cuneo & Badino, 3234 Eleventh street; G. Angell, 1803 Grove street; G. Edwards, 3538 Telegraph avenue; W. Brace, 412 Twelfth street; R. F. McCarthy, 19 Clay street; C. C. Potter, 1232 San Pablo avenue; Joseph Viguer, 351 Franklin street and William Weisking, 1805 Seventh street.

**NEW COMPANIES FILE
INCORPORATION PAPERS**

Articles of incorporation were filed this morning at the county clerk's office by the Oakland Furnace Company. The capital stock is \$100,000 and the incorporators are E. Caldwell, A. D. Hall and R. E. Hall of this city. The company will do a general business in stoves and furnaces.

Articles were also filed by the H. Thorpe Company, which will sell dry goods. The capital stock is \$10,000 and the incorporators are M. H. Soenen, G. Thorpe, John Dobbie, J. C. Wit and Martin C. Tuckson.

The Broadway Cafe Company also filed articles this morning. The incorporators are Ed. Freund, John M. Bonner and H. W. Puleifer. The capital stock is \$10,000.

**LOS ANGELES
COUNTY GOVERNMENT**

(Los Angeles Graphic)
Recent charges of extravagance in the government of Alameda county have been refuted by reference to the cost of maintaining the county governments of Alameda and Los Angeles. From statistics in the California Blue Book it has been discovered that the cost per capita for the payment of all salaries of the county government of Alameda is \$5 17-100 cents, against \$15 38-100 in Los Angeles county. The aggregate of salaries, therefore, in Los Angeles county is eighty per cent greater per capita than the aggregate of salaries in Alameda county. Alameda has one deputy for every 8373 of population; Los Angeles has one deputy for every 1541 of population. Such figures should demand the attention not only of the Supervisors, but of every taxpayer.

SAN FRANCISCO, March 27.—Unable to withstand the shock resulting from the amputation of his leg, Lewell "Tozer" the aged merchant who was run down by a Northern street car on Sixteenth and Seventeenth streets last Tuesday morning, died last night at St. Luke's Hospital.

Carrying of Concealed Weapons.

The attempted assassination of D. W. Stevens teaches another lesson aside from the horrible part of the "wild beast" vengeance, and that is the general laxity of the enforcement of proper laws which regulate the carrying of concealed weapons. Revolvers and knives are the common property of most every petty criminal who is arrested, and the occasional bursts of justice does not teach them the proper fear of the law. But back of it all is a deeper precaution and one which, being recognized in the large cities of the country, is becoming the subject of special legislation. This reference is to the unrestricted sale of weapons. The method which is at the base of this precautionary legislation is to compel each and every purchaser of revolvers and daggers to procure first from the city authorities a permit for making such a purchase and to penalize infractions of the law so heavily as to make the regulation effective.

It is to be argued that such a regulation works a hardship on persons purchasing articles of defense, who bear good reputations, but the apparent argument is that such persons could very nicely sacrifice a little personal comfort for the general good of the whole city. The best police authorities recognize that the best preventive of crime is to stifle the possibility of it. It would seem that hardships should be laid upon the person who purchases revolvers or knives with criminal or suicidal intent—and that the hardships so imposed would materially lessen the chance for the indiscriminate use of such weapons.

There are laws against the carrying of concealed weapons and Oakland has two police judges who on every occasion impose heavy fines for the transgression of the law. They must catch the person first and be supplied with the information. Therefore the subject comes directly to the police department and it is up to that branch of the city to demand more laws and enforce those which are already in force. The city council has always been willing to do what was recognized for public safety in this respect. It's up to the police.

The rational and effective way to suppress crime is to prevent it.

CHIPS FROM OTHER BLOCKS.

HUSBAND SPANKED HER

Dentist Is Accused by Wife and She Seeks Divorce.

NEW YORK, March 27.—I have stood for abuse, verbal and physical, for opprobrious epithets and blows in the face, but when my husband spanked me I felt that the limit had been reached. Then I had to go to the court for help.

This is the explanation Mrs. Emma B. Stewart makes for seeking a separation from her husband, Dr. William J. Stewart, a dentist, whose income, she says, is \$10,000 a year, and who has offices in the Knox Building, Fifth avenue and Forty-third street.

The case is before Justice Fitzgerald in the Supreme Court.

Stewart, in his answer, admits the spanking episode in these words: "I was nagged so by her on the day she mentions that I said to her, 'Little girl, you need an old-fashioned spanking, and I am going to take you into the bedroom and spank you like a naughty baby.'"

"I carried her, despite her struggles, into the bedroom and gave her a spanking on my lap, and doing it as a mother would do it."

Stewart is of medium height and weight and his ability to chastise his wife in the way he admits is apparent, as she is small and not strong. She displays a gold-crowned tooth which, she says, is the permanent mark of one of the blows her husband gave her when she chided him for his indifference to her and their two children of four and two years.

Mrs. Stewart is dark and pretty in face and figure, though slight. She is a favorite among those who have met since she came from Yonkers in 1903, a bride.

Justice Fitzgerald has reserved his decision on the motion of Mrs. Stewart's counsel for alimony.

School Principal Pays Too Much Attention to Pretty Teachers

PITTSBURG, March 27.—Storm rages in the usually quiet little borough of Springfield, thirteen miles from Pittsburgh. The cause is the alleged action of the principal of the town school, Professor James J. Little, who has been accused by several pretty teachers under him of making undue advances.

There are seven teachers in Springfield, and at least two of them are more than ordinarily attractive. According to the stories about Politt, a handsome and very talkative man of thirty-five years, he has been making things rather disagreeable for the fair maids.

Widow Leaves \$2,365,000 to Charity

Two million three hundred and sixty-five thousand dollars was left to charity by the will of Mrs. Rylands, widow of John Rylands, of the famous Manchester cotton firm, which has just been probated, including \$1,000,000 to the John Rylands' library at Manchester, on which during her life time she spent \$7,500,000 in building and equipping and purchasing for it the famous Lord Crawford and other collections.

Makes 'Date' With Wife, Then Boxes Her Ears

CHICAGO, March 27.—A jealous husband, an incoherent wife and a telephone conversation—

This combination produced a chain of events which included the boxing of the ears of Mrs. Jesse Rosen, formerly of Meadville, Pa., by her husband, while, he insists, she was expecting to meet another man, on a crowded street in Hammond, and Rosen's immediate commitment to jail for six months.

Rosen recently became imbued with the idea that Mrs. Rosen's love for him was being diverted to another. After much thought he devised a plan to confirm his suspicions. He would call her on the telephone, represent himself as his rival and await developments.

He carried out the plan.

"Is that you, dearie?" he inquired, disguising his tones as much as possible, when the voice of his wife sounded in the receiver.

Receiving the required assurance that it was indeed "dearie," he pursued the advantage with the further inquiry:

"Can you meet me this afternoon in Hammond at the postoffice?"

Boston Matrons Can't Get Servants

According to Mrs. Henrietta I. Goodrich, secretary of the Woman's Educational and Industrial Union, Boston, the increase in housework wages during the last five years, as shown by the records of the Domestic Reform League, is as great, if not greater, than in any other line of work. Within this period the number of general houseworkers receiving \$5 and more a week has increased from one-seventh of the total to more than one-half; the number of cooks at \$6 and more, from one-third to more than two-thirds; and the number of second maids at \$5 and more from one-tenth to more than one-half. Yet, despite this increase in pay the demand is twice as great as the supply.

Is Killed WHILE TRYING TO Rescue a Dog

HOLLIDAYSBURG, March 27.—Martha Cartwright of this city was awakened by the cries of a pet dog and took a glass lamp in her hand and went downstairs to see what was wrong with the dog.

In her excitement she knocked the lamp from a table and it exploded, wrapping the woman in a sheet of flame.

Before she could be rescued her clothes were burned from her body and she died in great agony.

Gift of \$10,000 Made to Women's Society

The women's Industrial and Educational Union of Boston has just received \$10,000 from Mrs. Mary Morton Kehew for its work. The trade training schools of the union have attracted the attention of the world, and in the domestic reform Mrs. Kehew has expressed the greatest interest. In the salesmanship classes the young women are recommended by some of the larger stores and are received by them when the course is finished.

'JACK THE HUGGER' TERRORIZES WOMEN

HANOVER, Pa., March 27.—For several weeks women of Hanover have been terrorized by a "Jack the Hugger," who has attacked dozens of them on dark nights and in various parts of town.

Hiding behind a tree when a woman approached unaccompanied he would suddenly spring out and grab her. Her screams would bring assistance, but not before he had hugged her waist.

Boldness and the frequency of assaults led to the arrest of Harry Musselman, charged with assaulting women on the public highways. He was committed to jail.

'JUST 'PHONE ROOSEVELT,' BLUFFED WILLIAMS BUT HIS WIFE TOOK HIM UP AND GOT AWAY WITH IT

WASHINGTON, Mar. 27.—Some friends of Representative John Sharp Williams' wife came to visit her a few days ago.

"John," said she at the breakfast table, "I shall be very glad to show them around the city, but what am I to do about the President?"

"Just call up the White House and tell him you are coming, and go," said her husband.

Mrs. Williams said nothing more, but when she thought the time had come for making the call she rang up the President. Her name was passed along and

Roosevelt promptly came to the phone.

"Mr. Roosevelt," she said, "I have some friends here from the South who are very eager to meet you, and I wish to bring them up to call on you."

"Perfectly delighted," he exclaimed, "Come right up and see us."

"The President was as good as his word and instead of giving them ten minutes an hour had elapsed when Mrs. Williams and her friends had departed.

"When do you expect to show the President to our friends?" asked Williams that evening.

'YOUR WIFE? WHY, SHE IS MY WIFE!'

NEW YORK, Mar. 27.—Having been subpoenaed to appear before Judge Crane in Special Term of the Supreme Court, Brooklyn, Mrs. Ethel Rivers-Goldsmith was identified by two men as the woman to whom they had been married. When asked by the court if she had married the girl, who is pretty, smiled at the judges, then giggled.

"I believe some one has been guilty of bigamy, and will call the attention of the case to the Grand Jury," said Judge Crane.

The girl nearly fainted and would have fallen to the floor if she had not been assisted to a chair.

William H. Rivers of 70 Seventy-third street, Brooklyn, testified that he was married to Miss Ethel Stanton by the Rev. E. H. Wellman of 205 West Ninety-first street, Manhattan, in December, 1901. He said that at that time she was living with her parents at 24 Prospect place, and was well known on the Park Slope.

After they had lived together for a short time, Rivers testified, his wife left him.

Jerry A. Warnberg, counsel for Oscar Goldsmith, who lives at 204 De Kalb

avenue, and who is asking for an annulment of his marriage, asked Mrs. Rivers-Goldsmith to stand up. Rivers identified her as his wife.

Rivers testified that he was walking in Fulton street one day recently when he met his wife with Goldsmith.

"What do you mean by going with my wife?" he says he demanded of Goldsmith.

"Your wife?" exclaimed Goldsmith. "Why she is my wife!"

Hot words resulted and Mrs. Rivers-Goldsmith disappeared in the excitement. When the men recovered their tempers, they decided they had both married her, and Goldsmith began annulment proceedings.

Goldsmith testified that he married the woman in Brooklyn on December 19, 1907. He corroborated the story told by Rivers of the meeting in Fulton street, and said he had no previous knowledge of the marriage of his wife to Rivers.

Judge Crane then asked Mrs. Rivers-Goldsmith if she had married Rivers. She giggled. But when she heard what the judge said the smiles left her face. Judge Crane took the papers and reserved decision.

'I JUST GOT TIRED HAVING SAME HUBBY HANGING AROUND EVERY DAY' Gives Her 4 Spouses the Merry 'Hello!'

LANCASTER, March 27.—With a merry "hello, boys!" Agnes Jane Miller greeted her four husbands who were lined up in Magistrate Doeblers' office.

The husbands were all willing to testify against her, and she was committed to jail for trial at court.

Millinery Is Poor Trade

According to the Manhattan trade school the millinery trade is not a very good one for women, as there is a slack season that takes away the profits of the busy season. The trade school found difficulty in selling hats made by the apprentices and now will merely train

tired of him, and in February, 1907, she married Isaac D. Leaman. It was not all bliss and in February husband No. 4 was captured, Amos Henry. Last year, however, she thought divorce from husband No. 1 was advisable, and a divorce was granted in March last.

When Policeman Doeblers set to work on the case it was with the prospect of discovering two husbands, and now he is searching for more.

WHAT IT COSTS TO BE FASHIONABLE IN JAPAN

A Kobe newspaper gives the cost of the wearing apparel of a Japanese woman of fashion. She wears \$12.50 worth of clothing under her kimono, which costs \$55. The obi costs another \$38. Numerous trims, paraphernalia, sun up to \$17.50, and a set of footgear amounts to \$9. Combs and hair pins, ornamented with gems, cost \$245; a shawl, \$7.50; a diamond neck clasp, \$150; handkerchiefs, 25 cents each; a gold watch, \$150—about \$918 in all for a season. A middle-class woman wears about \$150 worth of clothing each year.

After Thirty Years of Blindness Her Sight Is Restored

NEW YORK, March 27.—After thirty years of blindness, many of them spent in self-support, and a journey to Europe alone to undergo an operation, the forlorn hope of a darkened life, Miss Holke, of Port Huron, Mich., has had her sight restored and will shortly return to America, the happiest woman in the world.

When she was thirteen an inflammation threatened her sight, and a doctor who attended her used caustic in the eyes, only increasing the trouble. The child was sent to the Blind School of Michigan and emerged accomplished in music, among other things.

A short time ago a blind man in Port Huron who was a close friend of Miss Holke crossed the ocean to take the baths at Wiesbaden. He entered the sanitarium of Dr. Pagurus, a famous oculist, and returned to his home in Port Huron a "sighted" man, to use the pathetic expression of

IS KILLED IN AN AUTO CRASH

CONTRACTOR'S FEARFUL FATE

Dust-Blinded, Runs Into Rear of Another Machine and Is Frightfully Mangled.

(Special to The Tribune.)
SAN FRANCISCO, March 27.—Believing that the coast was clear ahead and driving his machine at the rate of 40 miles an hour, J. N. McLeod, a well known contractor of this city, dashed into the rear of an automobile driven by Charles Bowman, near the Dibble roadhouse, at 1:45 this morning, and received injuries which caused his death four hours later at the Central Emergency Hospital.

McLeod was alone in his machine, which is of the light run-about type, and it is supposed that he became blinded by the wind and failed to notice a car which was proceeding at a leisurely pace in front of him.

When Machines Crashed.
The first occupants of the latter machine knew that there was any danger was when the crash came. McLeod was dashed to the side of the roadway, his automobile being smashed almost into bits. The passengers in Bowman's car, consisting of John Lawrence and three women whose names could not be learned, were thrown into the bushes which line both sides of the boulevard. They escaped with severe bruises and lacerations, while Bowman himself held on to the wheel of his machine and was uninjured. Realizing that McLeod was probably fatally hurt, Bowman sent to the Dibble roadhouse for aid and pressing another machine into service, placed the injured man in it and sped at a lively pace to the hospital, disregarding all speed ordinances and causing several officers to blow their whistles in fruitless efforts to stop the machine.

CARL MULLER, SELF-CONFESSED ANARCHIST.

Was Fearfully Mangled.
When Dr. Pinkham examined the injured man, less than a half hour after the accident, he found that nothing could be done to save his life. He had received a fracture at the base of the skull, lacerated wounds of the scalp and face, three fractured ribs and internal injuries. His wife was immediately notified and was at his bedside almost up to the moment of his death at 5:15 this morning. After a further investigation of the accident the police learned the identity of two of the female occupants of Bowman's machine. They gave their names as Jessie Gray and Violet Lloyd.

CONFESSED ANARCHIST IS NOW BELIEVED TO BE MENTALLY UNBALANCED

Immigration Office Is Now on His Case

The United States Immigration authorities have taken charge of the case of aged Karl Muller, who says he is an anarchist, and who gave himself up at police headquarters to prevent him, he said, from committing serious crimes. William Heitman of the San Francisco office of the immigration bureau, was in Oakland last night and took Muller's deposition in an attempt to find if he is in reality an anarchist. It is suspected that the man's mind has been weakened through business worries and that he is now seeking free transportation to Hamburg, Germany, where he says he came three years ago.

Muller says that he turned anarchist through treatment accorded him by a man in Cincinnati from whom he purchased a clear store about a year ago. He paid \$300 for the store and the person from whom he made the purchase then started a larger store a hundred yards distant and took Muller's trade away from him and laughed over Muller's predicament. This led the alleged anarchist to the opinion that the "higher-ups" were the only people who had a chance in life. He now declares that he is perfectly willing to put away men in his positions in life for the benefit of society and is willing to die for his act if necessary. He was in such a frame of mind that he considered himself a danger to the community and lacking the nerve to carry out his convictions, decided to give himself up to the police.

Muller told the police that he had made a study of dynamite bombs and was able to make infernal machines. He had contemplated to crime in particular. It is the opinion in police circles that Muller's mind, weakened by trouble and hard times, has been completely unbalanced through reading of anarchistic plots and the recent sensational developments in the Mrs. Martin dynamiting case. He will be held at the city prison pending a decision of the Federal authorities as to what disposition to make of his case.

SAN FRANCISCO BREVITIES

Frederick Herzog of Alford, Tex., who arrived in this city yesterday, complained to the harbor police this morning that he had been robbed of \$5 in cash by a stranger, whom he claims to have met in the Oberon saloon at 70 East street. Policeman Walsh has been detailed to investigate the affair.

Returns From Border.—Hart H. North, United States Commissioner of Immigration, returned yesterday from a month's trip of inspection of the posts in his jurisdiction along the Mexican border. He found everything working smoothly and the border as well patrolled as possible with the small force available.

Bankrupt Carpenter.—Thomas B. Clark, a Stockton carpenter, filed a voluntary petition in bankruptcy in the United States District Court yesterday, with liabilities of \$245.49.

Seek an Injunction.—Suits for injunction against the Grocery Clerks' Union were yesterday filed by C. E. Young and Redmond Graham to restrain the union from picketing their places of business at 1855 Sixteenth street and 1620 Church street. Neither plaintiff employs any labor, each being assisted in the conduct of their store by his wife. A demand by the union that the stores close at 7 o'clock, when refused, was followed by the placing of a boycott on the stores, which the proprietors say threatens their ruin.

COPLIN'S SHOOTING ACCIDENTAL, SAYS JURY

Revolver Dropped From Pocket and Was Discharged When It Struck Ground.

BERKELEY, March 27.—The inquest over the remains of A. Dodge Coplin, the architect, who was shot while returning from Lafayette in an automobile last Sunday evening in company with Miss Harriet S. Deane of 1740 Linden street, Oakland, resulted last evening in a verdict of accidental death.

The jury listened to the results of the autopsy, as related by Dr. Arthur M. McIntosh and Dr. J. C. Mehrmann. Both physicians declared that there was a rent in the lower portion of Coplin's overcoat, showing that the bullet came from the ground or near it. About this rent there were traces of powder. Both Dr. Mehrmann and Dr. McIntosh declared they believed that Coplin's gun had fallen from his pocket as he was alighting to crank his machine, and striking handle downwards, the bullet ploughed upwards through the coat, striking him in the left eye and piercing the brain.

Corroborates Girl's Story.
The theory of the doctors corroborated the story told by Miss Deane at the first session of the inquest last Monday afternoon.

J. P. Montell testified that Miss Annette Deane had never called upon Coplin and that the report heretofore published attributing to him the statement that she had called upon Coplin was incorrect. The first interview with Montell was obtained by THE TRIBUNE when Montell was in a very excited condition over the accident, and apparently not entirely accountable for his statements.

GRAND NATIONAL WON BY LONG SHOT

Rubio, at 66 to 1, Captures Greatest Race of World.

LIVERPOOL, March 27.—The Grand National steeple chase of 3000 sovereigns, including a trophy valued at 125 sovereigns on the Grand National course, distance about four miles, 850 yards, was won by Major F. Douglas Penant's Rubio. William Cooper's Mattie McGregor was second and E. Whitaker's The Lawyer III finished third. Twenty-four horses ran.

Rubio won by ten lengths. The race was notable for the number of favorites that failed to negotiate the difficult jumps marking the course, a circumstance that allowed a rank outsider to capture the blue ribbon of steeplechasing. Foxhall Keene's two representatives, Foxus and Prophet III, brought no money to their backers. The betting on Rubio was 66 to 1 against; on Mattie McGregor 25 to 1 against; and on Lawyer III, 100 to 7 against.

Appoints Hawaii Customs Collector

WASHINGTON, March 27.—The President sent to the Senate today the nomination of Edward R. Stackable to be collector of customs for the district of Hawaii.

COUNCIL CONSIDERS APPROPRIATION RESOLUTION

Proposed Measure Provides for More Men For April Sanitary Campaign.

"I move that the appropriation for sanitary work for the month of April be fixed at \$20,000," declared Councilman at the necessary expenses for the carrying and finance committee of the City Council last night, and his motion was seconded by Councilman J. P. Mullins. The proposed resolution, appropriating the necessary expenses for carrying on of the sanitary campaign in April, was up before the committee, and after it was shown that the resolution would appropriate over \$25,000, Councilman Everhardt made his motion. He withdrew it, however, and the resolution was referred to the committee of the whole.

Provides for More Men.

The resolution provides for the following: Six medical inspectors at \$150 each; 33 garbage inspectors at \$100 each; 1 fumigator at \$100; 187 rat catchers at \$2.50 each per day; 1 special policeman at \$100 a day; and 1 special policeman at \$100 a day. Councilman Ellsworth declared that he had heard considerable complaint against the manner in which the sanitary campaign is being conducted, saying that four inspectors had been visiting homes at the same time. Councilman Pendleton asserted that he would like to have a report from Dr. Long. He stated that San Francisco had been given a clean bill of health some time ago and he said that he would see no reason why this city should not also be given a clean bill of health by the U. S. medical inspectors.

Will Enforce Sanitation.

An ordinance was introduced into the ordinance and judiciary committee which provides that all persons occupying premises in this city be made to keep them in a sanitary condition and to keep them free from rats. The proposed measure was referred to the Board of Health.

LOCAL WORKMEN TO DO CITY JOBS

Berkeley Mechanics Only to Be Employed on College Town Work.

BERKELEY, March 27.—"Hereafter none but Berkeley mechanics will be employed on any work done by the School Department in constructing and repairing school buildings," said President E. P. Lewis of the school board before the Citizens' and Taxpayers' League in Quail Hall in West Berkeley last night. "In the past the board has found it good policy to do work by day labor. We saved money by it and we knew that the money paid for wages went to our home workmen."

President Lewis made this statement in explanation of the assertions made by the local carpenters' unions that the mechanic employed by the construction of the half million dollar worth of public works now being constructed were not residents of Berkeley. Lewis said that the board was anxious to have the money distributed at all times in Berkeley. At the present time the new Polytechnic School is being erected by contract and the unions say that not a man at work on it comes from Berkeley. The intention of President Lewis is to indicate that hereafter no work will be let by contract, but done under the direction of Building Superintendent A. H. Broad of the department. The board has discovered that it is powerless to stipulate with contractors that local workmen be employed.

Charge "Rake-off."

A man named Murray arose to his feet to say that when he was employed on former work by Superintendent Broad he was paid \$4 a day when he earned the he should have got \$5.00. When he returned to the school board charged Murray said he believed there was a "rake-off" somewhere. Dr. Loring, a member of the school board, inquired if Murray did not sign vouchers for \$4 a day. He said he did and Loring replied that these vouchers were on file with the town auditor and that fraud was impossible.

In reply to Murray's insinuations Broad this morning declared that he didn't care what Murray said. "The school board knows what I have done," he said, "and if they are not satisfied they can discharge me. That is all there is to it."

The League endorsed the proposed issue of school bonds.

PLAN THROUGH TRAINS FROM GEORGIA TO S. F.

New Service to Run From Savannah to This Coast.

ATLANTA, Ga., March 27.—President Harahan of the Illinois Central and President Hansen of the Central of Georgia were in conference here yesterday preparatory to the establishment of through service April 1 by the Illinois Central and Central of Georgia from San Francisco to Savannah. It is said that on account of the City Council of New Orleans refusing to grant to the Illinois Central additional wharf space at that city, the Harahan lines will divert much business from that port to Savannah and erect terminals there.

ANOTHER SCAVENGER RIOT THREATENS COLLEGE TOWN

Property-Owners to Get Out an Injunction

BERKELEY, March 27.—This evening law is not disobeyed, whatever that may mean, in reference to the present strained situation. The West End Protective Association, the organization of property owners, fighting the plan to create a dump on the Schmidt property, has called for a special meeting tonight to discuss the situation. "We are going to prevent dumping," said Frank Conner, the president of the association. "We are going to stop it legally if possible, but we are going to stop it just the same."

The property owners have employed W. J. Hines, the assistant district attorney, as their lawyer, and it is understood that before the day is out he will secure an injunction against both the garbage men and the Town Trustees. This legal weapon will be held in reserve until the scavengers make their appearance, when it will be served on everybody connected with the town side of the fight. The residents believe that in this way they will throw the row into the courts and get a respite from the constant menace of the scavengers appearing in their locality. There has been no garbage collected in Berkeley for the past two days. It is piling high in every back yard and with the prospect of injunction on the trustees tomorrow morning there seems no hope that the people will be granted any relief until after Sunday. There will be a great mass meeting this evening in the Allston way skating rink to discuss the situation and call for extreme measures on the part of the officials to solve the difficulty. The officials are realizing that they

have become entangled in a very serious tangle, one that promises endless trouble and may totally defeat the objects of the sanitary committee campaign. The town is seething with discontent. The rat-catchers say that there is no place to dispose of the refuse that they order removed in the course of their daily rounds of work.

MOTORMAN CRUSHED BETWEEN TWO CARS

SAN FRANCISCO, March 27.—Norman Nicholson, a motorman in the employ of the United Railroad, was severely injured at Eighteenth and Connecticut streets at 7 o'clock this morning by being crushed between two cars.

NOT THE SAME. Mrs. Oldwed—Of course, my dear, I suppose you sometimes quarrel with your husband? Mrs. Newwed—Indeed I don't; but he sometimes quarrels with me.

Danger in a Cold

Because you have contracted ordinary colds and recovered from them without treatment of any kind, do not for a moment imagine that colds are not dangerous. Not only pneumonia, but also the infectious diseases such as diphtheria and scarlet fever start with a cold. The cold prepares the system for the reception and development of the germs of these diseases. Take our advice—cure your cold while you can.

Chamberlain's Cough Remedy

By its remarkable cures of colds has become a staple article of trade and commerce. Its promptness is its effectiveness. It is reliable. Try it. Mrs. Mommer—According to this paper, boiled cow's milk is not good for babies. Mrs. Mommer—I can see where the paper is right. A raw cow gives better milk than a boiled one.

Fascinating Easter Millinery at Hale's

Prices \$2.75, \$3.75, \$4.75 up to \$35

As you walk through this department you will be greatly astonished at the lowness of all our prices—that such beautiful hats can be bought for so little. You will find that Hale's millinery department embraces everything that is fashionable and beautiful in Easter styles. Sumptuous Parisian models and beautiful New York hats.

Hats from \$10 to \$35

Here is a splendid assortment from which to choose your Easter hat. Nowhere are more beautiful hats to be found than in this dazzling array at Hale's—New York Hats, Parisian Hats and Hats of our own make. These are trimmed with ribbons, pompons, feathery novelties, maribout effects, lofty trimmings of roses, dainty little sprays of lilacs of the valley and other pastel effects. Wreaths of roses, great white wings and wide novelties of richly colored braids add to the beauty of these hats.

At \$2.75—New York Hats

Pretty New York hats and copies of Parisian models are here in a great variety of styles, shapes and colors. Here are bright colored hats for misses and matrons, and handsome black hats for elderly women. In this lot there are pretty but inexpensive hats in the bell shape sailor, which are fancifully trimmed with ribbons and chiffon facing. There are other sailors made of hair braid and decorated with a pretty soft roll of dotted net, and a large French rose with buds and foliage, or a fancy stick-pin. Also some brown braid sailors after the "Merry Widow" style; trimmed with large steel ornament; a cascade of lace with spray of lilacs and baby roses.

Children's Trimmed Hats \$2.75 to \$7

Simple, suitable styles for ages 5 to 18 years. Trimmed with good quality ribbons, some with dainty flowers; all good colors, such as natural, white, blue, rose and tan, all shades of pink, including rose, flame, tan, burnt and white.

At \$4.75—Rough Straws and Tailored Hats

New rough straws in large "Merry Widow" shape, trimmed with flowers, wings, quills, ribbons, ruffles and Point d'Esprit. At this price we are offering some very pretty tailored hats, most effective in their simplicity. These are made of horse hair braid in such colors as brown, cream, black and navy blue, and are in the roll sailor shape. Some of these have large crowns made of folded horse hair.

Pretty Spring Suits

In Wide Variety of Styles

Becoming Styles for Misses and Women **\$22.50** Look More Like \$35.00 Suits than \$22.50 Suits

We are elated over being able to offer such remarkable values in nobby new suits of such distinctive character and design at so low a price as \$22.50. You are sure to admire their beauty, design, style, careful workmanship and low price, for they are the result of careful choosing on the part of our buyers. These suits were made for us at a time when the manufacturer was not overrun with orders, consequently we negotiated with him and had the suits made at an unusually low figure. If these suits were ordered when the manufacturer was crowded with orders the selling at \$22.50 would not be possible—more likely \$35.00.

So come tomorrow and look at these suits—that is all we ask—for the values speak for themselves—speak forcibly, too.

Styles for Women—Embrace the latest effects—papillon or butterfly, Prince Chap with the dip front, fancy half and tight-fitting jacket effects—in fact, they are the newest shown anywhere.

Materials—Rajah and invisible stripe panama, plain panama and voile—ample to satisfy every wish.

Colors—Navy and Copenhagen blue, brown, leather, green and black—becoming for all complexions.

Styles for Misses—Consist of both single and double-breasted Prince Chap jackets; with full plaited and circular gored skirts, trimmed with folds of same material. Colors are plain and mixed brown, mixed and Copenhagen blue, mixed gray and tan.

Avoid Secret Stomach Remedies

Because Most of Them Contain Dangerous Ingredients, Which Produce the Drug Habit.

Thousands of people, having dyspepsia or stomach troubles in some form, continually "dope" themselves with all sorts of secret tonics, drugs, pills, cathartics, etc., which not only inflame and irritate the stomach and intestines, but in many cases cause the opium, morphine and cocaine habits.

You have a right and should demand to know what any medicine contains before you take it, unless it is put up or recommended by some reputable physician. Fakes and quacks will put most anything into their secret preparations, to make you like their useless stuff so as to want more of it, until it makes you the victim of some drug habit, which will ruin your health in a short time.

Stuart's Dyspepsia Tablets are not a secret remedy, they do not contain injurious drugs, and they are recommended by thousands of physicians in Great Britain and Canada to their patients for dyspepsia, catarrh of the stomach, and other stomach troubles resulting from improper digestion of food. These wonderful tablets actually digest food because they contain the very elements that are required of a healthy stomach to properly digest food, thus acting as a substitute and giving the over-worked digestive organs a rest and a chance to regain their former health, strength and vigor.

Stuart's Dyspepsia Tablets contain fruit and vegetable essences, the pure concentrated essence of hyacinth, and gold-on-seal, which acts as a stimulant, the mucous coats of the stomach and increases the flow of gastric and other digestive juices, lactose (extracted from milk), nux, to strengthen the nerves controlling the action of the stomach; bismuth to absorb gases and prevent fermentation, and pure aseptic pepsin (goat test) of the highest digestive power. All of these are scientifically incorporated in these tablets or lozenges and constitute a complete, natural, speedy cure for any stomach trouble.

Stuart's Dyspepsia Tablets are sold in large fifty-cent boxes by all druggists. Write us for a free sample package. This sample alone will give you sufficient relief to convince you of the value of a complete, natural, speedy cure for any stomach trouble.

ARTISTIC CONVICTS THANK SHERIFF FOR MUSIC

Barnet Makes Prisoners a Present; Receives Touching Tribute.

Sheriff Francis Barnet, who believes that "there is in every one a hint of perfection" and strives to make this hint a reality, has just received a touching proof that his confidence in humanity is not misplaced.

During his recent visit to Folsom State prison he was warmly welcomed by the prisoners and orchestra and, on his return to Oakland, forwarded the orchestra with a package of music artistically engraved, and ornamented with a water-color sketch, has been received.

"The Orchestra and Mandolin clubs, 'To the Hon. Frank Barnet, Sheriff of Alameda County, California, in appreciation of the music which you have so kindly sent us, and for the pleasure we have derived from its performance, and for the constant endeavor and application should the occasion arise, to prove our appreciation by our ability in musical harmony."

ALLIGATOR IS STARVING HIMSELF TO DEATH

NEW YORK, March 27.—Keepers at the Bronx Zoo are puzzled over the problem of Nise, the twelve-foot alligator, who has refused to eat anything for four months and is slowly starving to death. Formerly the alligator was kept in an enclosure with twelve or thirteen crocodiles. His habit of frequently becoming angry and attacking his companions led to his isolation four months ago. From that day his self-imposed fast dates. The keepers attribute his refusal to eat to peevishness at being kept by himself and have been hoping that the fast would wear off. To date it has failed to leave him and the head keeper has called a consultation of animal experts for this afternoon to discuss the case and see if anything can be done to save the big reptile.

BIG CIRCUS DELIGHTS WITH PLEASING PROGRAM

Tent Packed With Enthusiastic People

The people who packed Norris & Rowe's big circus tent last evening at Thirty-second street and San Pablo avenue, at the opening of the circus here, had as varied and delightful an entertainment as one can find anywhere, in or out of a tent. One moment thrilled by daring leaps through space of men and women skilled at bar and trapeze another moment doubling with laughter at the antics of the clowns, or, again, sitting spellbound at the marvelous knowledge displayed by trained animals—what more wanting to delight the circus lover?

Opens With Parade.
But there was much more that found its way on the rapidly played program. The circus opened with the usual two-around-the-rings parade of actors and animals. Then followed a rare display of skilled horsemanship in the two rings, among the riders being Miss Rose Dock and Miss Castello. Clowns in the center of the platform interrupted just often enough to keep the crowd merry. The horses gave way to elephants and ponies, both sets of animals being unusually well trained. The elephants were handled by George Settle and the ponies by Professor Ramsey. These were displaced by acrobats, Japanese jugglers, tumblers and so on, following so rapidly that count of their number is soon lost.

One unusual feature was the group of men, women and children the Waldorf family, who posed as living statues. They were covered entirely with white, faces and hair included, and the illusion that they were real marble statues was very real.

SHE RESCUES FIVE FROM FIERY DEATH

Brave Mother's Act in the Face of Peril in New York Tenement.

NEW YORK, March 27.—Two trips by a brave woman into a burning flat house in Borough Park last night resulted in the rescue of five children, who, unconscious of their danger, were playing happily in a room as yet untouched by the flames. The rescuer was a stranger, Mrs. Lilla Raymond, who was passing the house when the fire started, rang in an alarm and then ran back to the house. She burst in the front door and dashed upstairs, finding Mrs. Joseph Lock, whom she led through the smoke to the street. Mrs. Lock then awoke to a realization that her children were still in the building which by this time was well ablaze.

Went Back for Them.

Mrs. Raymond ran back into the house, up to the second floor, carried two of the little ones, an older boy following her, and then repeated the trip for two little playmates of the Lock children, who were with them when the fire broke out. The last two were half suffocated when she reached them and the dress of the younger was ablaze. Tearing it off, Mrs. Raymond got both the children in her arms and made for the stairway again. This time it was entirely ablaze, but she dashed down and reached the street just as the stairway fell. Her face and hands were badly burned but she refused medical attention. It was not until this happened before the arrival of the firemen, who had been delayed by the poor condition of the streets. The house was entirely destroyed.

INCORPORATE BANK OF EAST OAKLAND

The Bank of East Oakland, which is to occupy the quarters of the Twenty-third avenue branch of the defunct California

Japanese Jugglers.

The Japanese jugglers, who juggle Japanese children on their feet, were marvelous performers, twisting the youngsters about in a seemingly impossible way.

The horizontal bar performers, with the bars suspended high up near the ceiling, are among the foremost of the world over. Their acts, particularly those of the "Peerless" Potters, were unusually difficult, and twice a woman who was being hurled a great distance through space failed to catch the hands extended to her and fell to the net below.

Clowns Delight Crowds.

The clowns were many in number and kept young and old laughing. Among the best of these was a hunter, aided in his act by a well-trained dog. The dog was decorated with monster ears to make him represent a rabbit. He sat perky up like a rabbit and died in a realistic fashion when shot.

The circus proper closed with an unusual number of races, including elephant and camel contest. The ever-exciting chariot race came just before the after-circus concert.

The menagerie, through which the spectators pass to reach the main circus tent, held the crowd with its exceptional display of animals.

Sideshow and concert were well patronized by pleased crowds. There was a large attendance at the circus this afternoon. The closing performance here will be given tonight.

Bank, has filed articles of incorporation with the county clerk. The capital stock is fixed at \$25,000, the full amount of which has been subscribed. The directors, and the amount subscribed by each, follow: Lloyd M. Robbins, \$5,000; S. S. Austin, \$5,000; William Rutherford, \$5,000; James Miller, \$5,000; A. Bernstein, \$5,000; James K. Hark, \$5,000; \$5,000; Robbins lives in San Francisco and all the others reside in East Oakland.

The way of the transgressor is Lard

The wise housewife specifies *Cottolene* every time in place of lard. Anyone with a particle of respect for his stomach would prefer a pure vegetable product to one made from the fat of the hog.

Cottolene is always pure; lard isn't. *Cottolene* will make more palatable food than lard, and food that any stomach can digest with ease. Lard is a friend of indigestion.

Cottolene is put up in odor-proof, sealed tin pails; most lard comes in bulk, and will absorb any old odor which is near it.

You can prove every word we say by buying and trying a pail of *Cottolene*. All good grocers sell it; all the great cooking authorities of America recommend it.

BIG MASQUERADE SKATING CARNIVAL

Prizes for the Handsomest and Most Original Costumes.

There will be a big masquerade skating carnival in the Idora Park rink on the evening of Friday, April 3. Arrangements have been made for it and in a few days the prizes that are to be awarded for the handsomest and most original costumes will be on display. There will be a number of them, for both men and women.

The committee in charge of this carnival intends to make it a brilliant affair. The immense rink will be splendidly decorated in flags and bunting and a band of twenty pieces will be in attendance to furnish music for the skaters.

It is expected that about 2000 skaters will be in attendance, judging by the number that have attended other such affairs in the Idora rink. Devotees of roller skating will come from all the bay cities. All will be in fancy costumes.

The names of the judges who will pass upon the costumes and award the prizes will be announced in a few days. In the meantime the roller skating enthusiasts will be preparing their costumes in the effort to capture the prizes.

ALL THE REFUGEES TO QUIT LEGATIONS

PORT AU PRINCE, March 27.—The refugees in the various legations in Port au Prince, to the number of seventy-five, will leave here for Kingston today on board the German cruiser Bremen. All but two of the refugees refused the government's guarantee of safety if they should elect to return to their homes. They preferred to leave the country.

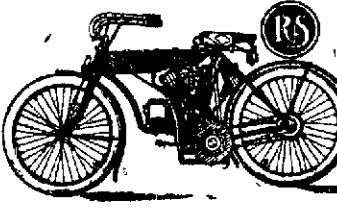

The United States gunboat Arletta arrived here yesterday from Guantanamo. The United States cruiser Des Moines has been here for some time past.

NEURALGIA AND SCIATICA

Why External Applications Will Not Give Permanent Relief and How Dr. Williams' Pink Pills Cure These Troubles.

Lack of blood is almost always associated with neuralgia. One medical authority has defined neuralgia as "the cry of the nerves for better blood." This is true because the nerves receive their nourishment through the blood. Build up the blood, the impoverished nerves are fed and the neuralgic pains disappear.

Thus it is seen of how little permanent benefit a local or external application can be in the treatment of neuralgia or sciatica, which is a form of neuralgia. It also shows how exactly suited to the cure of neuralgia and sciatica is such a remedy as Dr. Williams' Pink Pills which act both on the blood and the nerves. Besides their direct action on the nerves, which affords temporary relief from the sciatic pains, these pills build up the blood, enabling it to give proper nourishment to the nerves, and prevent the further development of the disease or the return of it, so long as the blood is kept rich and red.

Mrs. George Henderson, whose address is R. F. D. No. 1, Wynantskill, Remsen-lar Co., N. Y., says:

"A few years ago I strained my left hip by a fall and later was troubled for nearly a year with sciatic rheumatism. The pains ran from my left hip down to my heel and were so terrible that I had to scream when trying to walk."

"My doctor didn't do me a bit of good and I told him I was going to try Dr. Williams' Pink Pills. The pills braced me up from the start and within a month's time I could walk some and without pain. I took the pills for a while longer to make sure of a permanent cure and have never been troubled with rheumatism since. I can now work as well as anyone."

The great value of Dr. Williams' Pink Pills lies in the fact that they actually make new blood and thus carries health and strength to every portion of the body. The stomach is toned up, the nerves are strengthened, and every organ is stimulated to do its work.

Your druggist sells them or they will be sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

Minister Stricken at Close of Speech

FRESNO, March 27.—At the conclusion of an address yesterday afternoon the Rev. F. Z. Nesbitt, pastor of the Congregational Presbyterian Church, dropped dead as a result of a weak heart.

The tragedy occurred at the celebration of the anniversary of the town's incorporation. Rev. Mr. Nesbitt had been speaking and upon concluding his address he turned to sit down, suddenly swooning as he did so. M. F. Tarpey, president of the Fresno Chamber of Commerce, caught him as he fell toward the floor and called for a physician from the audience. Dr. McCannan immediately went to the stage, but Mr. Nesbitt was already dead.

The announcement of the clergyman's demise caused a stampede in the audience and the ceremonies were called off.

The deceased minister is survived by a wife and four children, all of whom were in the audience at the time of his sudden death.

SAYS COMPANY IS DECEIVING PEOPLE

State Mineralogist States That Coal Mine Is Misrepresented.

SAN FRANCISCO, March 27.—State Mineralogist Lewis E. Aubrey has taken exception to a statement made in the literature of the Monterey coal company, especially the references to the state mining bureau. The circulars quote an analysis of Monterey county coal, which Aubrey says does not apply to the holdings of the company in question. Aubrey said yesterday that upon examining the records of the bureau he found that the Monterey Coal Company had appropriated the analysis of coal made for the Stone Canyon Coal company of Monterey county. He continued:

"The literature of the Monterey Coal Company is made up of misrepresentations throughout. It seeks to convey the impression that their property adjoins that of the Stone canyon and that they have the same vein, when the fact is that the geology of the region shows that there is no continuity of the Stone canyon vein into the lands of the Monterey company."

Aubrey said that the examination of the company's coal led him to believe that it was a true lignite and not a bituminous coal as claimed. Continuing the state mineralogist said:

To Save Investors.

"I have presented these facts so that the investing public will know the true condition of affairs. Occasionally an attempt is made to use the name of the state mining bureau to further a bald faced attempt at misrepresentation for a long time. If they want to use the bureau's name I will help them along and give them all the advertising they want, and here they are through with this institution they are probably wish they had omitted the name of the state mining bureau from their prospectus."

The Monterey Coal Company maintains offices in San Francisco, Sacramento, Oakland and Los Angeles. It is said that it has sold a large quantity of stock. The officers are: John D. Hoff, president; E. R. Healey, vice-president; Frank Eppley, secretary.

PROFESSOR TO LECTURE ON CALIFORNIA MISSIONS

H. C. Ingram Will Speak During Entertainment at Polytechnic College.

This evening in the auditorium of the Polytechnic College will be given an entertainment by members of the school for students and friends of the institution.

The lecture by Professor H. C. Ingram on the Missions of California will be not only instructive but highly entertaining. The history of the mission period contains much of tradition and expresses a sentiment of a time when life and hopes were young and cannot but imbue with higher inspirations and aspirations. These occasions are a rare treat to all who may attend.

Following Program.

The program is as follows:

Violin, Miss Mary Uzzell; reading, Miss Gertrude Bremmer; vocal, Miss Mabel Broad; reading, Ira N. Allen, piano, Miss Mabel Olsen; reading, Miss Olive Benbow; vocal, Miss Marion Wilcox; California Missions, illustrated, H. C. Ingram.

Old students and friends are invited.

Largest Clock in All the World

NEW YORK, March 27.—A clock, which, it is said, will be the largest in the world, will be finished soon at Thomaston, Conn., for a Jersey City soap factory. The clock will be placed on the company's sign on top of the soap factory and will be visible from the river and the New York piers. It will have a diameter of twenty-eight feet. Philadelphia has a clock with a diameter of twenty-five feet and Westminster, London, one with a twenty-two and one-half foot diameter.

SEC'Y METCALF'S WIFE ARRIVES

Hurries From Washington on Account of Illness of Her Son.

Mrs. Victor H. Metcalf, wife of the secretary of the navy, arrived in Oakland last evening from her home in Washington. She was accompanied by Mrs. P. E. Bowles and was a guest last night at the Bowles home in Boulevard Terrace.

Mrs. Metcalf said this morning that her arrival several weeks earlier than the original date planned for her visit to California was due to her anxiety on account of the illness of her son, Victor Metcalf Jr. who is at the Lane Hospital in San Francisco and is just recovering after an operation performed a few days ago.

"I have not yet seen my son," Mrs. Metcalf said, "having just reached here last night, but will go over this morning as soon as possible to be with him."

Mrs. Metcalf will be the guest of her mother, Mrs. J. H. Nicholson, at her home in Linden street, during her stay in this city. Secretary Metcalf is expected to arrive here late in April, when he will review the battleship fleet, and the couple will return to Washington about the middle of May.

WIDTH OF TELEGRAPH AVENUE TO BE UNIFORM

The street committee of the City Council last night recommended that the west side of Telegraph avenue, between Nineteenth and Twenty-second streets, have a uniform width. At the present time the sidewalk is not uniform, many pieces of property extending over the official width of the street.

The committee also recommended that a right of way for a sewer through property of the Oakland Dock and Warehouse Company, south of Second street, be accepted.

TO GIVE TALK UPON SUNDAY SALOON CLOSING

Judge Waste Will Speak Under Auspices of Good Government League.

At Hayward, under the auspices of the Good Government League in its fight for the Sunday closing of saloons, an address will be made to the people by Judge Waste of the Superior Court next Sunday night. The meeting will be held in the local opera house. Arrangements are being made to have Judge Samuel A. Altman of Indiana, a leader in the prohibition movement, also present. He will plead in behalf of the cause of temperance.

Much interest is being manifest in the present campaign which is to terminate with the election of three town trustees and a corps of executive officers April 13. Until the last week the anti-saloon forces were scattered, but now sentiment is centered by the entrance of the churches of all denominations into the fight.

The League candidates for trustees, J. J. Borra, C. P. Van Dyke and L. R. Rosenberg, have pledged themselves to support Martin Welsh and S. J. Simons. William E. Meek, a well-known fruit grower and capitalist of the town, is an independent candidate and is opposed to factional struggles.

ORIENTAL RELATIONS WILL BE DISCUSSED

Events of recent years compel the belief that America's relations with China and Japan are bound to grow more intimate and complex. International affairs are sure to be influenced by the attitude of America toward the Orient. Our own commercial and industrial problems will be more and more affected by the peoples of the far East.

This subject is to be discussed at Grace M. B. Church, corner Thirty-fourth and Market streets Sunday morning by the Rev. George B. Smythe, D. D., who for fifteen years was a missionary to China.

NOVELTY THEATER

BROADWAY AT 12TH ST.
Modern Vaudeville
Every Afternoon and Evening
Popular Prices

Another one of our popular Saturday specials. A very useful article at a ridiculously low price. There is nothing that can add to the neatness of a bed like a bolster roll—the bed looks trim and tidy and the pillows are out of sight. The bolster roll that we offer tomorrow is considered the best on the market; rigidly built throughout, covered with celesta; rosette at each end held by a burnished tack. Regular \$2.25 value; Special 75c

Saturday only—not over 2 to a customer—no telephone or dealers orders

It's worth money to you

TO WEAR clothes you have confidence in; style, fit, quality right; clothes that not only feel good to you, but look good to others.

First time you get a suit you don't feel that way about, you'll know what the right kind are worth.

The name HEESEMAN is one that carries confidence. It is a sign of what's best in clothes; when you know you're in a HEESEMAN suit, you know that nobody else is better dressed.
